

PROJECT NOTICE

July 15, 2022

**2022 SURFACE TREATMENT
PROGRAM**

Dear Resident:

Circle P Paving is tentatively starting construction on this project the week of July 18, 2022. The work will consist of some spot repairs, and the application of surface treatment. The work will take approximately 1 week to complete, across multiple locations (weather permitting).

During this construction period there may be some inconvenience to you, and we respectfully request your patience and co-operation. There will be temporary road delays as the contractor completes the surface treatment process, but the road will not be closed at any time. Access to driveways will be affected on a rolling basis as the work progresses. Work hours will typically be 7:00 a.m. to 5:00 p.m., Monday to Friday.

If you have any questions throughout the project concerning the work, please feel free to call the following:

Town's Project Manager: Kiefer Paton 905-468-3266 ext.319

**All future project notices will be delivered to the affected property
and posted on the Town's Website (www.notl.org).**
