NATALIE THOMSON
SECRETARY/TREASURER COMMITTEE OF ADJUSTMENT
NIAGARA ON THE LAKE

Dear NATALIE THOMSON:

I am writing to respectfully request consideration in allowing the continued presence of the three seacans currently situated on my property at 585 Line 7 Road. These units are being used exclusively for personal storage purposes, housing long-held sentimental belongings that I do not have space for within my home.

Please be assured that the seacans are entirely within the boundaries of my property and have been placed with care to ensure that they do not disturb any of the existing shrubbery or natural vegetation. Their location was chosen specifically to minimize visual and environmental impact.

Prior to placing these seacans, I took the time to speak with my neighbours to ensure that their presence would not cause any inconvenience or concern. I am grateful to report that none have expressed any issues with their current placement and have been supportive of my efforts to manage my property responsibly.

I would also like to humbly ask that consideration be given to my personal circumstances. As someone of advanced age facing ongoing health challenges, having these seacans on-site has been a tremendous help in managing my personal affairs with dignity and independence. The convenience and security they offer during this stage of my life is invaluable.

I sincerely appreciate your understanding and empathy in reviewing my request. I am more than willing to discuss this matter further if needed, and I thank you in advance for your time and consideration.

Sincerely,

CLAUDIO DIBASTIANO
