6. Details of the Proposal

Identify the nature and extent of relief from the Zoning By-law, Fence By-law, or Sign By-law:

This property was originally approved under Zoning By-law 500A-74, prior to adoption of Comprehensive Zoning By-law 4316-09. When By-law 4316-09 was implemented the overlay mapping did not accurately reflect the site's approved uses. Upon review with staff, it was determined that the most appropriate mechanism to recognize the building addition, as shown on the approved Site Plan Agreement, is through a minor variance (LNCU)

Explain why the proposed use cannot comply with the provisions of the Zoning By-law, Fence By-law, or Sign By-law:

As noted, the use was compliant prior to the adoption of By-law 4316-09. This application is therefore intended to address a mapping discrepancy that arose during the transition between by-laws.
