

PUBLIC NOTICE

All-Way Stop Installation at Line 3 Road at Concession 1 Road Intersection

December 16, 2025

WHAT: An all-way stop is being installed at the intersection of Line 3 Road and Concession 1 Road. Council approved this change on November 18, 2025, following increased collision activity and field observations indicating drivers often assumed the intersection was already an all-way stop.

Installation of new signage, flashing beacons, and pavement markings will occur, with “New” tabs in place for an initial six-month period. No road closures are taking place to accommodate this work.

Drivers are advised to use caution when approaching the intersection during installation and to be aware of the new traffic control once in effect.

WHEN: The all-way stop is being installed on December 16, 2025, and will take approximately four hours to complete.

CONTACT: Those seeking more information can contact the Town at info@notl.com or 905-468-3266.

COMMUNICATION: The Town will communicate this all-way stop installation via this notice posted on its website and social media channels.

Emergency Services have been informed of this installation.

Thank you for your patience and cooperation.
