

REQUEST FOR PROPOSAL FOR

St. Davids Inflow and Infiltration Study (I&I) – Phase I

in the Town of Niagara-on-the-Lake

Sealed RFP submissions will be received digitally via online submission utilizing Bids and Tenders e-procurement website by the Office of the Clerk, Town of Niagara-on-the-Lake, 1593 Four Mile Creek Road, P.O. Box 100, Virgil, Ontario until 2:00 p.m. local time on:

Monday, April 27, 2026

The Town is seeking to retain the services of a professional engineering consulting firm to conduct a detailed assessment of the Town's existing sanitary sewer collection system to identify sources of inflow and infiltration, and produce a remediation action plan that the Town can implement to reduce potential overflows, reduce the risk of basement flooding, and provide additional capacity for future development and growth. Assessment for this study will be completed through the review of all available sewer data and information, including sewer inspection videos, drawings, GIS information, historical drainage and flooding information, as well as the completion of field investigations including a flow monitoring program for the subject area, smoke and dye testing, sewer and manhole condition inspections, and any additional surveys or assessments as deemed necessary to provide a complete remediation action plan to reduce Inflow & Infiltration in the study area.

The RFP Contract Documents and supporting materials may be obtained starting Monday April 6, 2026, from Bids and Tenders e-procurement web site.
