Indicate how you notified system users that your annual report is available, and is free of

Public access/notice via other method \_\_\_\_\_

#### **Describe your Drinking-Water System**

[ ] Public access/notice via a Public Library

The Bevan Heights Distribution System is a small municipal residential system servicing 63 customers. Water is received from the City of Niagara Falls' distribution main which is supplied from the Region of Niagara transmission main. The original water system here dates to the 1950's. All watermains, appurtenances and service lines within the subdivision were renewed in 2002. The lone exception is on Mallette Crescent where the watermain dates to 1971 and is still adequate. Service lines on Mallette Crescent were renewed in 2002. There are approximately 10 fire hydrants and 15 valves on the system.

### List all water treatment chemicals used over this reporting period

N/A - This is a distribution system only. Information on the treatment of water supply would need to be obtained from the Region of Niagara.

### Were any significant expenses incurred to?

| [ | ] | Install required equipment |
|---|---|----------------------------|
| [ | ] | Repair required equipment  |
| [ | ] | Replace required equipment |

#### Please provide a brief description and a breakdown of monetary expenses incurred

Maintenance, operation and administration of all of the Niagara-on-the-Lake's water distribution systems including Bevan Heights was approximately \$3,687,691 in 2009.

## Provide details on the notices submitted in accordance with subsection 18(1) of the Safe Drinking-Water Act or section 16-4 of Schedule 16 of O.Reg.170/03 and reported to Spills Action Centre
