

MY PLAN NOTL Official Plan Review – Built Environment

Planning for a healthy, prosperous and sustainable community is an important goal for our municipality. From urban design and residential development, to transportation, schools, and public infrastructure, there are many components that make up a community's built environment.

Please join us as we continue with the third in a series of public engagement sessions under the Official Plan Review process. We want to hear your thoughts and ideas on a broad range of topics about our built environment and what our community should look like 20 years from now.

BUILT ENVIRONMENT PUBLIC ENGAGEMENT SESSIONS

Session #1

Date: Wednesday, September 3, 2014
