

2023 WATER AND WASTEWATER RATES

Dear Water and Wastewater Customer:

The Council of the Town of Niagara-on-the-Lake has passed by-law 5414-22 to amend water and wastewater rates, effective May 1, 2023. Water rates (fixed and variable) increased 1% from 2022, while wastewater rates increased 4% from 2022. A decision was made in 2011 to amend the rate structure to provide for a gradient fixed charge based on water meter size (which relates to the water service connection) and was done after careful consideration of a financial plan for each of the water distribution and wastewater collection systems to ensure their long-term sustainability.

For further information on your water and wastewater billing, please visit the Town's website at www.notl.org under Residential Services or call the public works department at (905) 468-3266.
