NEWS RELEASE

Niagara-on-the-Lake Fire & Emergency Services and Foodland Partner to Promote Fire and Carbon Monoxide Safety

For Immediate Release **November 18, 2026**

Residents are invited to meet local firefighters and learn valuable fire and carbon monoxide safety tips during a community event hosted by Niagara-on-the-Lake Fire & Emergency Services and Foodland Niagara-on-the-Lake on December 5, 2026.

The event follows the Town's successful receipt of a Fire Prevention Week education kit through a province-wide initiative led by the Fire Marshal Public Fire Safety Council and supported by Foodland.

The initiative aims to bring fire and carbon monoxide safety education directly into communities by partnering with local fire departments with Foodland stores across Ontario. Through these partnerships, residents can connect with firefighters, ask questions, learn about potential hazards, and receive practical information to help keep their homes and families safe.

During the event, members of Niagara-on-the-Lake Fire & Emergency Services will be on site to provide fire prevention information, answer questions, discuss common household fire hazards, and highlight the importance of maintaining working smoke and carbon monoxide alarms.

Event Details
What: Meet Your Local Firefighters at Foodland
Where: Foodland, 111 Garrison Village Drive, Niagara-on-the-Lake
When: Saturday, December 5, 2026
Time: 10:00 a.m. to 2:00 p.m.

Residents are encouraged to stop by, meet members of the fire service, and learn how simple actions can make a significant difference in protecting their homes and loved ones.

The Town extends its appreciation to Foodland Niagara-on-the-Lake and the Fire Marshal Public Fire Safety Council for their commitment to advancing public fire safety education and supporting safer communities across Ontario.
